

Rockingham

This Rockingham stone fireplace, carved from Ancaster limestone quarried in Lincolnshire, features a rectangular shelf above a barrel frieze and moulded ingrounds. The simple outlines of this chimneypiece echo the elegant panelling of English Georgian interiors of the 18th century, revived by Sir Edwin Lutyens.

Dimensions

Height 57 $\frac{1}{8}$ in (145cm) width 59 $\frac{3}{4}$ in (151.6cm)
